This has been a n enjoyable project for all of us, and I thank those who shared photos for the report, and those who stood with us in the moment of dedication and remembrance. Nothing is more meaningful than to sit down together, have a good meal, enjoy the fruits of our labor, share ourselves and be a part of something bigger than any one of us alone. Your gift to one another will always be honored and remembered. My respects to you all!

Sincerely, Don Ricks
